Turner Bros., LLC Announces the Opening of the Abilene Wind Service Center

***HOUSTON, May 20, PR Newswire/**, Turner Bros., LLC, a leading provider of integrated lifting and specialized transportation solutions to the industrial, energy and wind industries, announces the Opening of the Abilene Wind Service Center.*

The Abilene Wind Service Center is strategically located in the heart of the West Texas wind industry corridor. The 43-acre facility services the region from its location 12 miles North of I-20 on Highway 277 in Hawley, Texas.

The Abilene Wind Service Center can provide Technical Services including:

- Turbine Construction
- Comprehensive Turbine Maintenance
- Mechanical Completion
- Crane & Rigging Solutions (90 – 750 tons)
- Customized Transportation and Logistics Solutions for Components of Extreme Weights and Difficult Dimensions
- Complete Rigging Services Including Heavy Capacity Lifting Frames, Jacks and Rollers
- CAD Simulation and Analysis of Transportation and Lift Plans
- 32 acres of Storage Facilities for Storage of Large Energy Components
- Skilled, Experienced Technicians

Jack Shubert CEO commented “We are pleased to expand our technical services in the region with the establishment of the Abilene Wind Service Center. This location will provide a one stop source for our wind industry customers’ lifting, transportation and storage needs.”

ABOUT TURNER BROS., LLC BROTHERS

Turner Bros., LLC has been a leading provider of engineered, integrated lifting and transportation solutions for the industrial, energy and wind farm end markets for over 80 years. We combine skilled personnel with an extensive fleet of specialized equipment to deliver safe, reliable and efficient services to improve your bottom line.
